

Dr. Kevon Dindial

Dr. Kevon Dindial is a consultant paediatric haematologist/oncologist at the Eric Williams Medical Sciences Complex. Dr. Dindial attained his MBBS (UWI-STA) in 2010 followed by DM Paediatrics (UWI-STA) in 2017. After completion of his paediatric training, Dr. Dindial pursued a three-year clinical fellowship in paediatric haematology/oncology at The Hospital for Sick Children, SickKids, Canada (2018-2021).

He is also board-certified in paediatric haematology/oncology through the Royal College of Physicians and Surgeons of Canada. Dr. Dindial is also the SickKids-Caribbean Initiative (SCI) co-lead physician for Trinidad and Tobago. Dr. Dindial also serves as the public relations officer for the Trinidad and Tobago Society for Haematology and Blood Transfusion (TTSHBT). Although based at EWMSC, Dr. Dindial provides a national service for all children with haematological and oncological pathologies. Given his experience working at a large, high traffic hospital and also actively involved in collaborative initiatives between high income countries and low-middle income countries through the SCI, Dr. Dindial has the experience and vested interest in improving the quality of care at a national level in Trinidad and Tobago.

Dr. Dindial believes that healthcare improvement is multifaceted and enhancement of both administrative and clinical care are both mutually inclusive in ensuring continued optimal quality of care to our national population and at the same time ensuring the medical fraternity is well supported. Given this, Dr. Dindial is very enthusiastic in joining the Medical Board of Trinidad and Tobago council to help enhance the medical landscape of Trinidad and Tobago.
