

Dr. Neil Singh

Dear Fellow Colleagues

I am seeking your support and vote as I stand for re-election to serve another term as an elected member of the Council of the MBTT in the upcoming Special General Meeting to be held on December 10, 2024.

In January 2022, after being elected as a council member I was then elected as President of the Council. Over the past 3 years I have had the privilege of working with an incredible management team in initiating and transforming significant operational and procedural improvements in the conduct of the affairs of the Council .

Guided by some of the recommendations contained in the structural review of the Medical Council conducted in 2021 by the GMCS, I am happy to share with you some of our achievements thus far:

- 1) The hiring of a General Manager.
- 2) The resumption of the Disciplinary Tribunals with 3 completed tribunals to date.
- 3) The development of an online interactive website (90% completed).
- 4) The selection of a firm to conduct a financial audit of the Council over the period 2019-2024.
- 5) The establishment of an annual Induction Ceremony to honor our new members.
- 6) The implementation of an online newsletter.
- 7) The development of a proposal to obtain a parcel of land from the North Central Regional Health Authority with preliminary design drawings (under review).
- 8) The hiring of an Accountant (in progress).
- 9) Proposals for the amendments to the Medical Board Act with emphasis on implementing CMEs.

Over the past 3 years, my experience in implementing these strategic objectives has been both humbling and enlightening, reinforcing my passion to contribute even more significantly to this ongoing transformational process. Moving forward I am committed to playing a pivotal role in ensuring that these strategic objectives are completed in a timely meaningful manner. As modern medical regulators we are seeing a paradigm shift in focus from self-regulation to shared regulation. I believe that the Council of the Medical Board of Trinidad and Tobago should be committed to the protection of the public and the preservation of our profession. I am confident that I can bring valuable insight to reaching this objective.

In closing, your support means everything to me, and I look forward to serving our members with pride and dedication. I look forward to your continued support at our Special General Meeting on December 10th.

Sincerely

NEIL ADRIAN SINGH
